

lscacamp.org

Lake Springfield Christian Assembly (LSCA)

This group will be assisting with LSCA's Spring Service Day — getting the camp ready for summer. There will be all kinds of different tasks, including cleaning and yard work. This is a great option for families!

innercitymission.net

Inner City Mission (ICM) — Work Team

Devoted to understanding the root cause of homelessness in the community, ICM is flowing with passion to equip the Body of Christ to be a leader in the restorative process. Serving at ICM will entail painting, landscaping, organizing, and/or minor construction projects, based on the team members!

Inner City Mission (ICM) — Field Day Team

There will be a second group going to Inner City Mission as well. This group will be focused on caring for the residents — especially the children at ICM. This will be a "field day," where Lakesiders will hang out with the kids, potentially at a local park. Participants could plan fun games ahead of time to do with the kiddos.

Refuge Ranch

Refuge Ranch exists to empower at-risk youth, women, and families with love, hope, healing, and transformation through Christ, using equine assisted activities, mentoring, ranch life, and Christ-centered community. There will be various outdoor projects such as landscaping, fencing, gardening, poop-scooping, and other spring activities. This is a perfect service opportunity for animal-loving people! Great for kids (who don't mind a little dirt.)

thejamesproject127.com

The James Project

The James Project supports Sangamon County foster families by providing houses, parental support, children's provisions, and a community of supports. This group will be serving a single mom at one of the James Project Houses, doing spring yard work.

Christian Student Fellowship (CSF)

CSF, a campus ministry on the University of Illinois Springfield's campus, seeks to help students find their way back to God. Volunteers will help create treat bags that can be given out to students at events. Volunteers will also be able to write cards of encouragement to students that will be placed in the bags. These treat bags will be given to students at outreach events. All items will be provided. This event is a seated event and is family friendly. Kids can help package bags and decorate cards. Volunteers would pray over each bag and the student who would receive it.
